

1-2-3 Easy Instant Pot Banana Bread

What You'll Need:

1 box Yellow Cake Mix

2 Eggs

3 Overripe Bananas

1/2-1 cup chocolate chips, nuts, etc. (optional)

Smash bananas in a large bowl (I just mixed them by hand), then add remaining ingredients and mix well. Batter will fill 2 small loaf pans (GREAT for gifts!!) or one 6 cup bundt pan. Make sure to spray pans well with nonstick cooking spray and a little bit of flour. Cover pan tightly with foil

Cook 55 minutes with 10 minute NPR. Release remaining pressure and let stand about 15 minutes to cool. You can also make into muffins, add any ingredients you would like and substitute 1/4 cup applesauce for each egg. You can peel the bananas and save them in a ziploc bag, 3 per bag or one at a time gets added until you have 3 in the bag, let thaw and squeeze bag to mash the bananas.
